

Innovative Evogen® No-Touch Menstrual Care Product Dispensers take public restroom hygiene and convenience to the next level.

Redefining a Well Appointed Public Restroom

With no-touch sink faucets, soap dispensers and hand dryers being a standard in many public restrooms and automated toilet seat cover dispensers becoming an emerging trend, the Evogen® No-Touch Menstrual Care Product Dispensers further promote a sanitary environment guests will appreciate.

Hospesco Brands Group developed the first and only no-touch menstrual care product dispensers to vend complimentary sanitary napkins and tampons effortlessly with the wave of a hand, making public restrooms more hygienic and reducing the spread of germs and illnesses. With the new touch-free design provides greater convenience, creating a more upscale atmosphere and enhanced customer experience.

Our Latest Innovation Provides the Ultimate Hands-Free Menstrual Care Product Dispensing Solution

The new Evogen® Tri-Vend High-Capacity No-Touch Menstrual Care Product Dispenser from Hospesco Brands Group provides three solutions at once. First, the one-of-a-kind dispenser improves comfort and convenience for patrons with greater product choice and an inviting, hands-free experience; second the unit allows staff to spend less time stocking product; and, finally, the modern, hands-free dispensing action helps prevent the spread of germs and illness by eliminating yet another contact point in the restroom.

This innovative, high-capacity dispenser takes public restroom hygiene and convenience to the next level by vending tampons and pads to guests, free of charge. The dispenser has capacity to hold 36 pads and 50 tampons at the same time. Pads can be 36 of the same kind or 18 each of two different kinds, for added customer choice.

Product vends when patrons present their hand in front of the sensor. When the sensor has engaged, the dispensing area lights with purple glow providing a comfortable assurance the dispensing process has begun.

A national movement is advancing the fact that these products should be treated just like toilet paper, towels, and soap—a necessity, not a luxury. Hospesco Brands Group is proud to join with other Period Partner® groups in standing up for people's menstrual needs.

Evogen® No-Touch Dual Menstrual Care Product Dispensers

- FREE vend only in large capacity (EVNT3) for high traffic restrooms and compact (EVNT4) size for smaller restrooms
