Acute Care PHARMACEUTICALS

A Hospeco Brands Group Company

PRODUCTS THAT SUPPORT USP COMPLIANCE

info@acutecareonline.com | **888-909-7700** | pharma-choice.com

Our Core Values

At Acute Care Pharmaceuticals, we are committed to providing exceptional service and high-quality products to our customers. As one of the premium suppliers of USP <795>, <797>, and <800> products, we are continuously working toward solutions and products for the benefit of healthcare. In tandem with our expert advice and high-quality products, we deliver exceptional products for you and your team.

Integrity — We take great pride in transparency with our customers. We act in the best interest of the customer so healthcare providers can do what they do best.

Service Excellence — Our responses are swift and thorough. We aim to exceed the expectations of our customers.

Consistency — Our production and sourcing team is nimble to give customers the peace of mind they deserve. We are a reliable and supportive supplier to our customers.

- We are passionate about our industry and our goal is to secure business in a fair and honest manner.
- We strive to delight our customers with our friendly team and create trust between clients.
- We surround ourselves with individuals who possess an intense work ethic, high moral standards, passion for their work, and a commitment to both internal and external customers.
- We recognize the value of teamwork.

Our History

Acute Care Pharmaceuticals was founded in 1998 and was acquired by HOSPECO® in 2019. This acquisition helped to motivate the consolidation and creation of what became the Hospeco Brands Group later that same year. Acute Care Pharmaceuticals, with its Pharma-Choice® and Protect 800® brands, is a leading supplier of compliant, disposable medical products used in compounding pharmacies and other critical environments. Our portfolio includes products designed to support sterile compounding, hazardous drug handling, contamination control, and facility procedures developed under USP <795>, <797>, and <800>. Selected products are supported by product-specific testing, sterility documentation, chemical registrations, or supplier quality documentation, as applicable. This unique dedication to compliance, coupled with its decades-long commitment to partnering with hospital pharmacies, makes Acute Care Pharmaceuticals a market leader. Sterile disposable products may be required or preferred for specific tasks and locations based on applicable standards and facility procedures. As such, Acute Care Pharmaceuticals enjoys strong market penetration at hospital compounding pharmacies, standalone pharmacies, infusion centers, and cancer centers. Popular products include wipers, sterile alcohol, gloves, mop covers, and CAT kits. As part of the Hospeco Brands Group, Acute Care Pharmaceuticals and the Pharma-Choice® brand are available to a range of customers with or without their GPO contract.

Our Mission

Acute Care Pharmaceuticals aims to be the USP <795>, <797>, and <800> supplier of choice for healthcare. We exist to educate, support, and produce high-quality products that are accessible to all healthcare providers. Our attention to detail and customer service has brought us to where we are now, at the forefront of healthcare with you.

Sterile Boot Covers

Features	
Product No.	CE11106CIS-XL
Brand	International Enviroguard
Description	Sterile non-skid boot covers with non-skid soles
Size	Extra Large
Sterility	Gamma irradiated, 10^{-6} SAL
Material	Proprietary laminated nonwoven fabric
Quantity	100 pairs/case

Pharma-Shoe Covers™

Pharma-Shoe Covers™ cover a standard dress shoe or sneaker and are often worn alone in critical environments. Acute Care Pharmaceuticals offers anti-skid sole shoe covers, which are disposable, breathable, and lightweight. They are made up of non-shedding, nonwoven, latex-free, spunbond polypropylene. Available in large and extra-large.

Features	
Product No.	PSHCV797-L & PSHCV797-XL
Brand	Pharma-Shoe Covers
Description	Spunbond Polypropylene, Anti-Skid, Non-Shedding, Nonwoven
Size	PSHCV797-L (Large) & PSHCV797-XL (Extra-Large)
Quantity	150 pairs/case
Total	300 covers

Additional items available upon request

Sterile Hood

Features	
Product No.	CE11063CIS
Brand	International Enviroguard
Description	Sterile full-face hood with tunnelized elastic face opening
Size	Universal
Sterility	Gamma irradiated, 10^{-6} SAL
Material	Proprietary laminated nonwoven fabric
Quantity	100/case

Bouffant Cap

Pharma-Cap Bouffant Caps are designed to cover your hair to prevent hair shedding during compounding. Made of lightweight polypropylene, Pharma-Cap bouffant caps are designed to support hair containment as part of facility garbing procedures for sterile compounding areas.

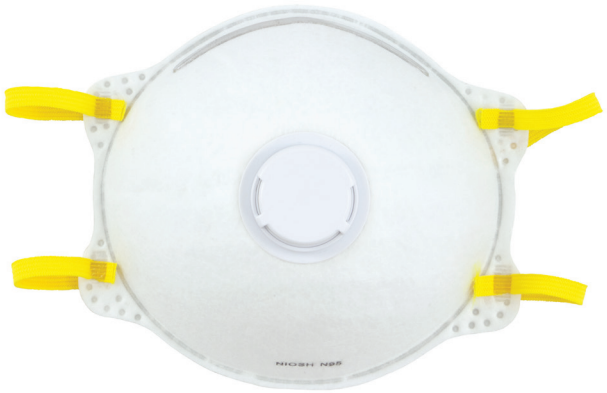

Features	
Product No.	PBC797-24-B
Brand	Pharma Bouffant Caps
Description	Spunbond Polypropylene, Blue
Size	24"
Quantity	100/bag - 10 bags/case
Total	1,000

Cleanroom Apparel/Garb

Quantity	1 gown/sterile pouch - 50 pouches/case

Pharma-Frock

The Pharma-Frock is a sterile, low-linting, all-purpose frock for compounding in the cleanroom. The frock is made from a breathable, polyethylene-coated, polypropylene material. Designed for use in ISO 5 cleanroom environments, with elastic wrists for a secure fit. The Pharma-Frock is an ideal choice for compounding where sterile PPE is required. Product documentation is available to support facility qualification.

Features

Product No.	PFROCK797
Brand	Pharma-Choice®
Description	Sterile Frock
Size	S-4XL
Sterility	Gamma Irradiated
Material	Polyethylene Coated Polypropylene

Cleanroom Apparel/Garb

Sterile Frock

These sterile frocks are made of a comfortable fabric that protects against various liquids and particulates. Each frock is individually packaged and sterilized to a 10-6 sterility assurance level (SAL), preventing workplace contamination and cross-contamination of products or materials. The low-linting fabric helps reduce the release of unwanted particulates in your workspace. Frocks are designed with tunnelized elastic that contains particle shed. Bound seams eliminate raw edges that can also create and release additional particulates. Designed with a comfortable, breathable fabric for cleanroom use.

Features	
Product No.	CE11026CIS
Brand	International Enviroguard
Description	Sterile frock, proprietary laminated nonwoven fabric
Size	S-4XL
Sterility	Gamma irradiated, 10^{-6} SAL
Material	Proprietary laminated nonwoven fabric
Total	50/case

Sphergo Swivel® Mop

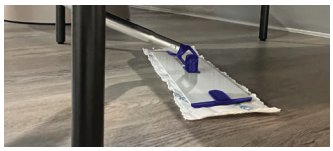

The Sphergo Swivel® is an ergonomic surface cleaning tool that improves working conditions for cleaning critical environments. The mop has a unique ergonomic curved design to prevent worker fatigue and has disposable cleaning pads to clean floors and hard-to-reach areas. The Sphergo® mopping system uses disposable low-linting pads for easy cleaning and disposal.

Sphergo Swivel® White Aluminum Extension Pole	• 2505-SWPOLE • 12 poles/case
Sphergo Swivel® White Aluminum Base for 18"-20" Pads	• 2505-SWBASE • 12 bases/case

The Sphergo Swivel® pole and base combination can be used with any 18"-20" disposable or reusable microfiber flat pad, but we recommend pairing Sphergo Swivel® with the Virtu-Clean® line of disposable cleaning pads for even more efficacious cleaning and less worker strain! These specially engineered pads are designed to reduce friction while maximizing cleaning results and coverage area.

Rotating ball handle allows for improved grip and control.

Curved pole allows for farther reach under beds, chairs and more.

Trapezoid frame design provides easier access into corners.

Virtu-Clean® Disposable Cleaning Pads

Supports USP <797> compliance for pharmacy sterile compounding and sterile preparations. Absorbs 9x its weight in liquid; superior absorbency and release provides consistent coverage and cleaning. Perfect for foodservice and food processing operations, healthcare facilities, cleanrooms, controlled environments, surgical rooms, ICU areas, pharmacy applications, and other institutions.

Virtu-Clean® Universal Disposable Cleaning Pad	• VCU2 • ISO 5 (Class 5) • 20 pads/bag, 12 bags/master bag • 1 master bag/cs

Pharma-Mop Covers

Pharma-Mop Covers can be used in a controlled environment to remove contaminants from ceilings, floors and walls. Pharma-Mop Covers fit any 8" x 15" mop frame and are designed to maintain a high level of cleanliness without generating additional contamination. They are made from a durable microdenier fabric and are compatible with TX7108.

Features

Product No.	PMC797
Brand	Pharma-Mop Covers
Description	100% Polyester Microdenier Mop Covers, Non-Shedding, Dry
Size	8" x 15"
Quantity	25 covers/bag - 6 bags/case Total: 150 covers + 6 foam pads

Cleanroom Cleaning Supplies

Pharma-Sat® Mop Covers

Pharma-Sat® Mop Covers are applicable in controlled environments for the purpose of removing contaminants from floors, walls, ceilings and other hard-to-reach places. Pharma-Sat® Mop Covers are presaturated with 70% IPA / 30% DI. Pharma-Sat® Mop Covers are compatible with TX7108.

Features

Product No.	PSMC797
Brand	Pharma-Sat® Mop Covers
Description	Nonsterile Mop Covers, Non-Shedding, Presaturated 70% IPA/ 30% DI
Size	8" x 15"
Quantity	25/bag - 4 bags/case + 4 pads Total: 100

Pharma-Mini Mop Covers

Pharma-Mini Mop Covers can be used in a controlled environment to remove contaminants from barrier isolators, glove boxes, hoods and other hard-to-reach places. Pharma-Mini Mop Covers fit any 4" x 7" rectangular mop frame and are designed to maintain a high level of cleanliness without generating additional contamination. Compatible with TX7101.

Features

Product No.	PMMC797-P & PMMC797-PC
Brand	Pharma-Mini Mop Covers
Description	Nonsterile, Low-linting PMMC797-P: 100% Microdenier Polyester PMMC797-PC: 70% Polyester/30% Nylon
Size	4" x 7"
Quantity	25/bag - 6 bags/case + 6 pads Total: 150

MicroMop Frame & Handle

The Pharma-Isolator Mop System combines a reusable frame and handle with replaceable 2.5 in × 8 in quilted polyester pads. Its compact cleaning head helps personnel reach restricted interior surfaces while providing broad surface contact and rapid solution uptake.

Features	
Product No.	PIM797-HW
Brand	Pharma-Choice®
Description	Ergonomic Swivel Head Stainless Steel MicroMop with adjustable handle
Size	2.5″ x 8″
Quantity	1 frame and 1 handle/box

Nonsterile MicroMop

Features	
Product No.	PIMC797
Brand	Pharma-Choice®
Description	2Ply Polyester Pocket Mop Cover
Size	2.5″ x 8″
Quantity	1 pad/bag - 100 bags/case

Sterile MicroMop

Features	
Product No.	PIMC797-S
Brand	Pharma-Choice®
Description	Sterile 2Ply Polyester Pocket Mop Cover
Size	2.5″ x 8″
Quantity	1 pad/bag - 100 bags/case

USP <800> Hazardous Drug Handling Supplies

Pharma-Surface Guard® HD Surface Deactivation Kit

Pharma-Surface Guard® is a two-step applicator kit designed to clean, deactivate, and decontaminate most chemotherapy and other hazardous drugs (HDs) on work surfaces, supporting facility efforts to meet USP <800> requirements for HD spill and residue management in compounding and administration areas. When used according to instructions, Pharma-Surface Guard® helps facilities safely manage routine HD work surface decontamination and small spills while minimizing the risk of oxidation on stainless steel surfaces.

Features

Product No.	PSG797
Brand	Pharma-Choice®
Description	Nonsterile two-step HD surface kit with Wipe 1 (2% sodium hypochlorite in detergent solution), Wipe 2 (1% sodium thiosulfate with 0.9% benzyl alcohol) on ISO 5 compatible, low-linting polyester/cellulose wipers
Size	9″ x 9″
Quantity	Box of 15 dual packets (Step 1 and Step 2), each dual packet treats up to ~2 sq ft. 15 dual packets/box
