## Disposable Apparel Solutions

Hospesco Brands Group offers a variety of disposable apparel. Coveralls are available in sizes from medium up to 5X Large with combinations of elastic wrists, ankles, boots and hoods. In addition to coveralls we offer gowns, coats, bouffant caps, hair nets, beard covers and shoe covers. We've got you covered for many medical, cleanroom, food service and light duty to industrial applications.

### Garment Materials

**Polypropylene** - Light breathable economical material.

Polypropylene is light weight and one of the most breathable coveralls available. Can be used to keep dust and chemicals off of clothes and away from your skin. Good barrier for dry particulates and applications related to assembly, auto-care, agriculture, painting, sanding, food processing, general light duty applications and non-hazardous environments.

**SMS (Spunbond-Meltblown-Spunbond)** - Three-layer material that offers better breathability and increased comfort.

Inside and outside layers are constructed of spunbond material that stands up to tearing and abrasion and protects the middle meltblown material. The meltblown layer provides a dry particulate and light fluid barrier to filter out potentially harmful particulates and liquids. This middle layer gives the material its resistance to liquids and allows that fabric to breath. Effective protection against dust, aerosol mist and light liquid spray in applications related to manufacturing, mold remediation, asbestos abatement, food processing, construction, and laboratories.

**Microporous** - Microporous polyethylene over spunbond polypropylene fabric.

Great choice offering a combination of strength, barrier protection and breathability. This coverall is designed for a broad range of wet and dry applications that protect against a variety of non-hazardous fluids and particulates while still allowing air to flow through keeping the wearer comfortable. Applications include but are not limited to paint, spray and fiberglass applications, pressure washing, non-hazardous liquid handling, general maintenance, industrial manufacturing, lab and construction work.

**ANSI/ISEA 101 2014 Standard** - The purpose of this standard is to provide minimum size, packaging and labeling requirements for limited-use and disposable coveralls. Our coveralls meet this Standard.

GAH-BP-28-BL	28"	Blue	100/bg - 10 bgs/cs

### Bee-Safe® Beard Covers

- Best for controlling facial hair in ISO 7 (Class 10,000) - ISO 8 (Class 100,000) controlled environments, cleanrooms, and segregated compounding areas.
- Non-linting material helps limit shed fibers around product.
- Lightweight, elastic design supports comfortable, secure wear.

Item #	Size	Color	Selling Unit
GAH-BRD-WH	18"	White	100/bg - 10 bgs/cs

### Bee-Safe® Polypropylene Hoods

- Best for full head coverage in ISO 5 (Class 100) - ISO 7 (Class 10,000) controlled environments, cleanrooms, and segregated compounding areas.
- Low-lint, breathable polypropylene supports contamination control.
- Latex-free to help reduce allergy concerns.

Item #	Size	Color	Selling Unit
GAH-HOOD-WH	One Size	White	100/bg - 10 bgs/cs

### Nonsterile Cleanroom Face Mask

- Best for high-filtration protection in controlled environments, cleanrooms, and segregated compounding areas.
- High efficiency filtration helps protect product and staff.
- Latex-free, soft ear loops and adjustable nose bar improve fit and comfort.
- ISO 5 (Class 100) compatible; > 99% bacterial/viral filtration (ASTM F2299/F2101).

Item #	Description	Color	Selling Unit	Case Pack
40578-RS5	Nonsterile Cleanroom Face Mask with Elastic Earloops, ISO 5 (Class 100) compatible	Blue	1 cs	50/bg - 10 bgs/ master bg - 1 master bg/cs

### Sterile Cleanroom Face Mask

- Individually wrapped to maintain sterility to point of use.
- Pleated mask with knit earloops designed to balance coverage and comfort
- Aluminum nose bar ensures a secure fit.

Item #	Description	Color	Selling Unit	Case Pack

## Disposable Shoe Covers

### Polypropylene Shoe Covers

- Offers light liquid resistance
- Lightly textured bottom for slip resistance
- Elastic opening for snug fit

Item #	Description	Color	Size	Selling Unit
M21BSZ-300	Non-Skid	Blue	Large	300/cs
M21BSZ-300-XL	Non-Skid	Blue	X-Large	300/cs
M21BSZ-300-2X	Non-Skid	Blue	2-XL	300/cs

### Premium Waterproof Anti-Skid Industrial Shoe Covers

- Constructed from polypropylene fabric coated with polyethylene for extreme durability
- Tacky non-slip texture offers support and grip on any flooring surface
- Wide elastic opening for easy donning
- Extra-large size for large shoes or work boots
- Seamless sole and sides
- Non-linting; latex and silicone free

Item #	Description	Color	Size	Selling Unit
DA-SC500-XL	Premium Waterproof, Anti-skid, Durable Dispenser Box	Dark Blue	X-Large	120/bx, 2 bxs/cx

## Heavy Duty Waterproof Anti-Skid Industrial Shoe Covers

- Constructed from polypropylene fabric bonded with a textured polyethylene film for durability for exceptional strength, fluid and wear resistance
- Textured for better traction on smooth or wet floors
- Wide elastic opening for easy donning
- Extra-large size for large shoes or work boots
- Seamless sole and sides
- Latex and silicone free

Item #	Description	Color	Size	Selling Unit
DA-SC300-XL	Heavy Duty Waterproof, Anti-skid, Durable Dispenser Box	Red	X-Large	120/bx, 2 bxs/cs

## Breathing Protection

### N95 Disposable Particulate Respirator

- NIOSH N95 approved
- Inner foam provides a custom seal

Item #	Description	Color	Selling Unit	Case Pack
HY8812	N95 Protection With Valve And Metal Nosepiece	White	10/bx	12 bxs/cs
HY8710	N95 Protection With Metal Nosepiece	White	20/bx	12 bxs/cs

## Infection Control Masks

### Level 2 Earloop Face Masks

- 100% latex free and fiberglass free
- Metal nose piece conforms to face for a comfortable fit
- Fluid resistant unique 4-fold design, different from traditional 3-fold face masks, utilizes more protective material to form a better cone shape providing maximum coverage on the wearer
- Meet the ASTM F2100-11 requirements as Performance Level 2 Barrier medical face mask

Item #	Description	Color	Selling Unit
FEL110B	Level 2 Earloop Face Mask	Blue	50/bx - 10 bxs/cs

If you are interested in Pink colored masks, reach out to your Sales Rep for more information

## Eye Protection

### Comfort Eyewear

- Soft padding on temple arm tip and nose bridge
- Adjustable temple arm and durable frame
- Conforms with ANSI Z87.1
