Repetitive stress injuries (RSIs) are a hazard of working as a professional cleaner, but it doesn't have to be this way. The Sphergo® line of ergonomic surface cleaning tools continues to improve working conditions for these vital members of the workforce with the new Sphergo Swivel® mopping tool, specially designed to reduce RSIs.

Not all cleaning pads are equal. Absorbency rates, release rates, coverage, and linting can vary greatly, significantly impacting the finished product. Virtu-Clean® Disposable Cleaning Pads are specially engineered for critical environments, giving you maximum coverage, cleaning, and convenience. Our disposable, single-use mop pads check all the right boxes – they hold more liquid, release that liquid at a controlled rate over a larger surface area, and reduce friction for more effort-free cleaning.
