

Touch Point® Touch Screen Wipes

Touch Point Screen Wipes are excellent for removing dust, dirt and fingerprints from touch-screens.

The alcohol free formula and lint free material won't leave streaks or residue behind while the antistatic properties will help repel dirt and dust from resettling, keeping the screen clean longer.

Key Features

- Innovative anti-static formula
- Alcohol free and fragrance free
- Multi-purpose versatility
- Gentle and safe cleaning to protect sensitive screens
- Soft material to prevent scratches
- Lint free

The non-scratching material leaves screens streak-free and clear.

A safe, quick, and convenient solution for all types of screens and devices.

Touch Point® Scrubbing Wipes
