

Touch Point® Shopping Cart Wipes

Studies show there are over 1 Million germs on shopping cart handles.

The Touch Point® Cart Wipes System is your best available means of disinfecting, sanitizing, and cleaning. Our wipes offer a better, healthier shopping experience. They give customers another reason to keep coming back!

Our powerful, fast-acting formulas start killing on contact and are safe for all surfaces.

"According to a study by Dr. Charles P. Gerba of the University of Arizona, shopping carts appear to be one of the most bacterially contaminated objects that the general public may come into contact on a regular basis in public facilities. The results of this study reaffirm the need for improved sanitation of shopping carts/ baskets to reduce exposure and potential transmission of microbial infections among shoppers."

Wipe Dispensing System Features + Benefits

Infection Control

Single use to prevent the risk of cross contamination and help stop the spread of illness. Only the wipe pulled is touched for ultimate hygiene.

Centralized Station

Touch Point® wall mount and floor stand dispensers can be placed in shared spaces for a quick and simple alternative to paper towel and spray cleaners.

Waste Management

Wipes are dispensed one at a time, reducing waste and overuse. Prevent the overconsumption of paper towels.
