

Certainty® Plus Biodegradable Disinfectant Wipes

FACT SHEET

100% Biodegradable & Compostable Wipes

Certainty® Plus Biodegradable Wipes will fully disintegrate in as little as 6 weeks, given the right conditions and in the presence of microorganisms.

As the wipes degrade, they will turn into natural elements and cause no harm to the environment.

Time Lapse Representation of Wipe Disintegrating in Compost

How to Dispose of Wipes:

Check with your municipal compost facility to see if they accept wipes that meet ASTM D6400, an international testing standard. If the appropriate facilities do not exist in your area, dispose in the trash.

61000

Effectiveness

- Kills SARS-CoV-2 (the cause of COVID-19) in just 30 seconds
- Kills 99.9% of bacteria in 15 seconds
- Kills bacteria, viruses and fungi in one easy step

Not for sale in the USA

Environmental Sustainability

96% Less Plastic Packaging

A single refill roll can eliminate up to 15 competitor canisters.

1 Truck of Refill Rolls = 3.7 Trucks of Canisters

Reduced Carbon Emissions

Fewer trucks on the road mean less carbon emissions and better air quality.

Wipes made from plant-based fibers

Responsible Sourcing from local, eco-conscious suppliers.

Made in Canada resulting in shorter travel distances and less fuel consumption.
