

## Art Noir® Tattoo Towels

We have identified challenges within the tattooing process using roll paper towels. We have designed and created a new Tattoo Towel and dispensing system that will help streamline the tattooing process. These new Tattoo Towels will help save you time, money and keep your working environment clean and sanitary.

Designed specifically for the Art Noir® by TASKBrand® Tattoo Towel Dispenser

Fewer sheets used per session and fewer unexpected glove changes.

# Art Noir® Tattoo Towels
