Essential Menstrual Care

Having menstrual care products available in public spaces is vital for the health and hygiene of half the population. The Evogen® EV7 Single Channel Pad Dispenser makes it easy for facility managers to provide this necessary accommodation. It installs quickly, holds 15 boxed pads, and is easily refilled.

EV7 is ideal for niche locations with less foot traffic, while still helping to ensure that patrons are never caught unprepared. Works especially well in schools with younger students or serving communities where pads are the preference. Stocks essential product in a compact format with no wasted space
