

## Mopster® 2.0

### The Best Just Got Better

From the company that brought you the Mopster®, Hospeco Brands Group brings you the Mopster® 2.0. This new and improved product family is reimaged with usability and ergonomics front and center.

When it comes to accessories, we are your one-stop shop for interchangeable connections and effective microfiber options.

#### Key Features

- Slim 4" mop profile and pivot assembly allow for greater access under furniture
- Frame accommodates 18" pads
- Low-level indicator window on bottle
- Cap and tube shroud on sprayer protects unit and directs applicator tube more efficiently
- Perfect for residential, commercial, or industrial cleaning operations

#### New Activation Button

- Upgraded to a pressure on/off button for more control in dispensing
- Now located in the grip area for improved comfort and ease of use

#### New 36 Ounce Bottle

- New ribbed over-cap allows for easier extraction/insertion
- Indirect vent eliminates leaks and spills
