Commitment to Doing Right

CTPAT Partners

We take an active role in working closer with the U.S. Government in its war against terrorism. We are able to better identify security vulnerabilities and take corrective actions to mitigate risks.

Responsible Factories

We seek factory partnerships that invest heavily in modern equipment AND employee health & wellbeing.

Social Responsibility

Founding members of ISSA, the only organization advocating for a pro-business environment where the cleaning industry and essential workers can safely thrive.

We Empower Doing.

Chemicals

Manufacturing facilities in the East, Midwest, and West ensure quick production and timely delivery. Benefit from high-performance **Cleaning Chemicals, Wet Wipes, and Air Care** formulated for industrial, janitorial, foodservice, and healthcare industries.

Durables & Restroom

Our **Core Cleaning** lines streamline operations, reduce strain, and support smarter cleaning strategies. Highly customizable, we give you the power to brand recycling programs, tools, and floor care. As a world leader in **Menstrual Care** and **Toilet Seat Covers**, we offer innovative vended solutions that protect patrons and custodians, featuring the first and only touch-free dispensers.

Safety

We lead the **Disposable Glove** market with an unmatched selection, world-renowned Safety Zone® brand, and a robust, diverse manufacturing footprint. Benefit from full-spectrum **Safety Apparel & PPE** across multiple industries from pharma and high-tech manufacturing to agriculture, body art & cosmetology. We keep workers safe.

Textiles & Wiping Solutions

As North America's largest non-mill converter and processor of wiping products, we offer total **Nonwoven Wiper Solutions**. We ship **Woven Rags** from the East and West and partner with **Microfiber** suppliers in several countries to mitigate global crises. Our **Textiles** are backed by experts who will work with you to develop a tailored hospitality program.

Controlled Environments

Our high-quality products are engineered to provide reliable protection and ensure the integrity of your critical processes in controlled environments and cleanroom operations. Trusted by industries around the globe, we help organizations meet stringent regulatory and quality standards—including FDA GMP/cGMP, ISO/AS certifications, NEBB guidelines, and United States Pharmacopeia (USP), among others.
