The Complete Menstrual Care System

Do the right thing

Women should find readily accessible tampons and pads in every restroom outside the home.

Can you imagine any public restroom without toilet paper, toilet seat covers, paper towels, or soap? Then why don't all women's public restrooms also provide the menstrual care products women need for their periods —and make sure dispensers are always full? Now you can.

Available supplies and sanitary disposal mean security.

When you provide a reliable, attractive and easy to use dispenser stocked with tampons and pads — and a clean and easy way to dispose of menstrual care products — your employees, customers, and patrons will know you care about their needs and well-being — and women won't be worried when their period starts unexpectedly.

86% of people surveyed report that they've started their period unexpectedly in public **without the supplies they needed.**

Other products are available. Please visit www.hospecobrand.com to view our full offering.
