hospeco®
BRANDS GROUP

Blue Meltblown Polypropylene Wipers

Tough Enough for Grease. Gentle Enough to Finish. Big on Absorption.

When the job involves grease, oil, solvents or inks, Hospeco Brands Group Blue Meltblown Polypropylene Wipers are built to perform.

Made from meltblown polypropylene, these durable, extremely low-lint wipers maintain their strength and integrity even when fully saturated with oils, grease, or solvents. Their soft, sponge-like feel and unique textured surface combine exceptional absorbency with effective surface cleaning and contaminant removal, making them ideal for demanding industrial and automotive applications.

Available in convenient interfold and jumbo roll formats, these versatile wipers are ready for everything from equipment maintenance to precision finishing work.

Durable meltblown polypropylene provides reliable performance in demanding industrial environments.

Key Features

- **Low-lint performance** helps minimize fiber residue in critical work areas
- **Superior wet and dry strength** maintains wiper integrity even when fully saturated
- **Water borne and solvent borne compatible;** ideal for use with inks, paints, lubricants, grease, and oils
- **Unique textured surface** provides effective removal of stubborn soils
- **Sponge-like texture** delivers excellent absorbency and strength with pliability to fit in tight spaces
- **Two convenient dispensing formats** offer flexibility for workstations, production lines, and maintenance areas

Blue Meltblown Polypropylene Wipers

Applications

- **Automotive repair & maintenance:** Wiping grease, oil, lubricants, and solvents from engines, components, and tools
- **Painting & finishing:** Prepping surfaces and equipment in paint and coating applications
- **Industrial manufacturing & assembly:** Cleaning machinery, equipment, and tools
- **Printing operations:** Removing inks, oils, and solvents from equipment and work surfaces
- **Furniture finishing:** Wiping surfaces during preparation and finishing processes
- **Glass & window applications:** Surface wiping in glass handling, processing, and maintenance

Industries

Automotive Repair & Assembly, Industrial Manufacturing, Printing & Graphics, Paint & Coatings, Furniture & Woodworking, Glass Manufacturing

Two Convenient Formats

Interfold TwinTote®
Convenient interfold dispensing for easy access to individual wipers at workstations and maintenance areas.

Jumbo Roll
High-count roll format suited for busy industrial operations and high-volume wiping needs.

Item #	Description	Color	Size	Case Pack
N-M300ITB	Interfold TwinTote®	Blue	12″ x 16″	180/box
N-M300JPB	Jumbo Roll	Blue	9.8″ x 12.2″	717/roll

Complete your cleaning system with these compatible products.

Hospeco™ EvoGreen™ All-Purpose Cleaner & Degreaser
1637HBG030

Take on everything from everyday grime to heavy-duty degreasing with powerful, versatile cleaning performance.

Impact® Gator® Plus 32-Gallon Trash Container
7732-3

Keep industrial workstations clean and organized with rugged, convenient collection of used wipes and cleaning waste.

Safety Zone® CATCH® 9 mil Nitrile Gloves
CAT456 (Large)

Take on greasy, demanding maintenance jobs with heavy-duty hand protection and a secure textured grip.

Certified™ Graffiti Remover
C517-009

Break down stubborn paint and unwanted markings on compatible surfaces, then wipe away loosened residue with durable meltblown wipers.

Impact® Iron Handle Scrub Brush
T0004-00

Loosen stubborn buildup in corners and tight spaces, then wipe away the mess with durable meltblown wipers.

TASKBrand® Universal Heavy Weight Sorbent Pads
AS-INB-P

Absorb larger oil- and water-based spills quickly, then tackle remaining residue with meltblown wiping power.
