

Do you know the new school rules ?

Providing menstrual care products is becoming the law. **We are here to help.**

P: 800.942.9199

F: 216.279.0019

www.hospecobrands.com

It started with New York and is now the law in a growing list of states from coast to coast. It's a movement that has even gone **international**.

At minimum, these new laws require free menstrual care products in school restrooms. Some extend the requirement to restrooms in all public spaces. Entire countries are changing their laws as well. In 2020, Scotland became the first country in the world to make period products free for all. It's part of a growing trend to make access to menstrual care products a priority.

Inclusion is becoming law.

ALL restrooms need menstrual care products—and waste receptacles—not just the girls' room.

It's now state law in Illinois that menstrual hygiene products be made available in every bathroom in school buildings, not just restrooms designated as "Girls" rooms.

Understandably, sometimes buyers need to be educated on the evolving environment.

Will your state be next?

The number of states adding menstrual care access laws is expanding so rapidly, maybe your state already has one. If your state isn't among those with an access law yet, you can be sure it's just a matter of time.

Menstrual care is part of what constitutes a well-appointed restroom, one that has public health at its core.

We make the change easy for you by offering a complete site analysis for restrooms in your facility — or even district wide. Our simplified product selection guide makes Hospeco Brands Group a single source.

**You don't have wait for a law to do the right thing,
and Hospeco Brands Group makes it easy!**

Find out more about universal access laws and view
our map of places with laws already in force at
www.hospecobrand.com/periodpartner

It's as easy as 1, 2, 3!

Choose the required products

Hospeco Brands Group carries the most complete line of menstrual care products for the “away from home” market, including tampons and pads; product dispensers; and safe, hygienic disposal equipment. Our analysis will outline those products that fall within the scope of the new laws, but will also include recommendations for ancillary products designed to improve the appearance of your restrooms, protect the health of your maintenance staff, and prevent behaviors that could damage the plumbing of your facility.

The Optimal System

Menstrual care solutions are important for public health and are part of what constitutes a well-appointed restroom. They are as necessary as soap, toilet paper, and paper towels. Choosing your Optimal System is as easy as 1-2-3. It consists of dispensers, vended products, and a safe and sanitary method of disposal.

= Recommended Optimal System Products

All **Evogen® FREE vend vendors** include a patented time delay mechanism between vends, discouraging repeat vends.
*Temperature and humidity can affect the time delay setting.

Free Scensibles® Disposal Bag Dispenser to be included with Most Period Product Vendors starting 2Q 2023.

Safe and sanitary disposal is an important part of a complete personal care solution for public restrooms.

With no safe and sanitary way to dispose of used products, people may wrap them in toilet paper or just throw used products into waste receptacles unwrapped — or worse, flush them down the toilet.

What do students Say?*

62%

Flushed products if disposal bins were in poor condition or not provided.

55%

Felt unsafe touching the disposal bin.

** Survey conducted in 2020

Choose the correct fitting liner bag to follow OSHA expectations.

“Scensibles System has worked wonderfully for us and it's one of the best things we've done to improve restroom appearance, odor control, and assurance of proper disposal.”

— Don Sullivan, Manager of Custodial Services, University of Massachusetts at Amherst

Tampons and sanitary napkins are required by law to be provided

STEP 1

CHOOSE A DISPENSER

Evogen® EV1 Vendor*
EV1-FREE,
EV1SS-FREE

Evogen® EVNT3 No-Touch Vendor
EVNT3-W, EVNT3-WM,
EVNT3-SS

Dual Channel Vendors
D1, D1-TKN,
25190900

Single Channel Vendor
K20H

(product sold separately)

Comfort Plus® Courtesy Dispenser
CPD

STEP 2

CHOOSE VENDED PRODUCT

Maxithins® Vended Pads and Liners
MT-4, MT-200,
25189973, 25030073

Tampax®, Comfort Plus®, and Naturelle® Tampons
T500, CPR200†,
25176488†, 25176598†

These items may not be specifically written into the law, but are necessary for safe and sanitary disposal

STEP 3

CHOOSE A RECEPTACLE, RECEPTACLE LINER, AND DISPOSAL BAG (1 per restroom stall)

Evogen® No-Touch Combination Receptacle

Scensibles® Metal Combination Receptacle

Scensibles® Plastic Combination Receptacle
(Removable Rigid Plastic Liner)

Plastic Receptacle
(Removable Rigid Plastic Liner)

Plastic Receptacles

Metal Receptacle
(Hinged Bottom)

Swing Type Double Entry Metal Receptacle

Personal Disposal Bag Refills
SBX50

This issue is common sense. Every bathroom provides toilet paper, soap and paper towels which are expected, while another crucial hygiene necessity is absent. When you use a public restroom, you should have everything you need for proper hygiene.

- WI State Representative Melissa Sargent

We will guide you along the way!

Period Partner

Learn more about
the movement by visiting
hospecobrand.com/periodpartner

We see menstrual care solutions to be as necessary as soap, toilet paper, and paper towels. We champion universal access because, let's face it, this isn't a topic people talk easily about. When designing restrooms and specifying their equipment, few consider the stigma of being left unprepared while away from home should your period come unexpectedly. For this reason, and because "it's always been this way," many public washrooms offer nothing.

Let's change that.
