A Total Program To Eliminate
# Restroom Odors...

The **hospeco** Solution Guide
BRANDS GROUP

# One product will not eliminate your restroom odors... But Our Hospeco® Program Will

**Odors...** and ways to control them are extremely critical in any cleaning program or procedure.

The first impression of a restroom is made with your nose.

The most effective odor control program is comprised of specific products that work together to achieve one goal...
**Odor Elimination.**

Mixing fragrances can be worse than the odor you are trying to eliminate.

A Complete Restroom Program Addresses **4 Concerns:**
**Surface Cleaning - Source Removal - Air Care - Fixture Care**

"First impressions are always the most important"

# Surface Cleaning - Applied once a day...

Cleaning and deodorizing time can be greatly reduced by adding our water soluble deodorizers to cleaners or plain mop water.

This allows the user to clean and deodorize the total surface area in one easy step.

**Nilium**® Water Soluble Concentrate
- 1 oz. makes 1 gallon of R.T.U. product
- Multi-use deodorizer
- Contains odor neutralizer
- Works up to 24 hours
- Ideal to use on any water-safe surface

**Oxy-Force**® All-Purpose Cleaner
- Multi-use Cleaner
  - Glass                    - Stainless Steel
  - Tile & Grout Cleaner    - General mopping
  - Mirrors
- Ideal for use in any restroom

# Source Removal - Applied once a day...

Bio-Enzymatic Urine Digester should be used in, on, and around all urinals, toilets and shower stalls to eliminate organic-based odors such as urine, feces, vomit, perspiration, etc.

Designed to consume and destroy the organic source of the odors.

Use in drains and traps to keep drains free flowing and eliminate odors.

### Bio-Enzymatic **Urine Digester**
- Five strain bacteria formulation
- Eliminates the urine from the floor subsurface
- Use on all hard surfaces
- Non-toxic & Biodegradable
- ELIMINATES ODORS AT THE SOURCE!

Bio-Enzymatic **URINE Digester** is most effective when applied after disinfecting. Never mix a Bio-Enzymatic product with a disinfectant or cleaning solution.

# Air Care - Replaced every 30-40 days...

Use automatic Aerosol or Passive dispensers to counteract airborne odors and keep your restroom smelling fresh between cleanings.

Counteract airborne odors and maintain a pleasant environment.

Fragrances should match your water soluble deodorizer and urine digester.

**Metered** Refills, **Dispensers** & Hand Held
- Concentrated, 3,000 metered sprays
- Refreshes area for up to 24 hours
- Around-the-clock application

**Passive** System
- Consistent level of fragrance
- Simple to use
- Around-the-clock freshness

# Fixture & Floor Care Replaced every 30-40 days...

Airworks® Urinal Screens help reduce urine odors, clean, and help prevent debris and foreign objects from clogging the drain lines. Airworks® Bowl Clips will help reduce urine odors. These restroom products are also available in Non-Para Screens and Blocks and Vinyl Screens.

Placing Urinal and Commode Floor Guards under urinals and commodes helps eliminate unwanted drips or splashes and control odors. They also help protect the floor surface from stains and uric acid damage.

Complete restroom programs are available in the following fragrances; Original, Red Clover Tea, Spring Mint, Lemon, Apple Spice, Cucumber Melon, Soft Linen, Tango Mango, Purple Crush Lavender, and Mystic Rain

# The Industry's Only Complete
# "ENVIRONMENTALLY FRIENDLY"
# Restroom Program
