

# 20 Gram Terry Microfiber Cloths

12" x 12" • 20 gram • 200 GSM

Terrific for lint-free general-purpose cleaning. Microfiber cloths are made from 80% Polyester, 20% Polyamide, can be laundered up to 500 times, and used wet or dry. Studies by the EPA have found that microfiber cloths eliminated 94% of bacteria from surfaces (compared to the 68% reduction by regular mops.) Using our color coding system eliminates any guesswork from what product should be used when. Which means microfiber that is used to clean guestroom toilets will never be used to clean vanities. Our microfiber cloths are packed by the dozen in point of sale packaging making it ideal for commercial laundries and JanSan partners.

Item #	Description	Color	Size	Selling Unit	Case Pack
