

Period Patch Inc.

Period Partner's March 2025 donation recipient is Period Patch.

Since March 2015, Period Patch has been committed to promoting period security for individuals in Richmond, Virginia, and surrounding counties. Through strong partnerships with over 25 community organizations—including shelters, food pantries, schools, medical providers, and counseling services—Period Patch distributes essential menstrual hygiene products to those in need across Henrico, Chesterfield, and Goochland counties, as well as the City of Richmond. Their ongoing efforts help ensure dignity, health, and access for underserved populations throughout the region.

Period Patch Inc. Mission:

Collect in-kind donations of maxi pads and tampons, as well as monetary donations to purchase the same, and we distribute quarterly to numerous Richmond-metro and surrounding county organizations.

Period Partner has donated over 25,000 menstrual care products in support of their efforts to distribute these necessities to people in need.
