HOSPECO® Introduces New No-Touch Menstrual Care Product Dispenser *Evogen® EVNT3 Dispensers Provide Hands-Free, Ultra Hygienic Dispensing*

CLEVELAND—May 14, 2019—HOSPECO® introduces the new hands-free Evogen® EVNT3 menstrual care product dispenser, the only touch-free dispenser of its kind. This innovative dispenser takes public restroom hygiene and convenience to the next level by vending tampons and pads to guests, free of charge, with just the wave of a hand.

The advanced Evogen EVNT3 dispenser is the latest offering in HOSPECO's state-of-the-art line of no-touch, hands-free products designed to reduce the spread of germs and illnesses in public restrooms. The touch-free feature also contributes to creating a more upscale atmosphere by enhancing guests' overall comfort and experience.

Considering that no-touch sink faucets, soap dispensers, and hand dryers are now standard in public restrooms, and no-touch toilet seat cover dispensers have recently joined their ranks, hands-free menstrual care product dispensing is a smart choice for operators who wish to remain on the leading edge.

The free-vend function of the Evogen EVNT3 satisfies growing public demand to treat menstrual care products as a necessity rather than a luxury. A national movement is advancing the idea that these essential items should be provided on a complimentary basis in public restrooms, just like soap and toilet paper. HOSPECO is proud to join with other [Period Partner®](#) groups in standing up for people's menstrual needs.

The Evogen EVNT3 menstrual care product dispenser is offered in a sleek white finish to match any décor. It holds a large capacity of both tampons and pads, meets ADA-compliance requirements, and facilitates easy loading and restocking. The dispenser is pre-programmed with a five-second delay between uses to discourage misuse and reduce waste.

As HOSPECO celebrates 100 years in 2019, the company continues to innovate, offering full line of cleaning and protection products to serve the janitorial, industrial supply, foodservice, healthcare and hospitality markets—including the revolutionary touch-free Evogen EVNT3 menstrual care product dispenser with free vending—visit www.hospeco.com.
