Period Partner® Donates More Than 34,000 Period Products to Help Fight Period Poverty with World Vision in West Virginia

Period Partner® is proud to support World Vision and Ritchie County Schools in West Virginia with the donation of more than **34,000 period products**, helping ensure students have access to essential menstrual care products when they need them.

Through World Vision's U.S. Programs, volunteers from the **Ritchie County Schools Partnership** came together to sort and repack bulk cartons of tampons and pads into smaller quantities for distribution through Teacher Resource Centers and participating schools. The effort will help make period products more readily accessible to students while supporting dignity, confidence, and uninterrupted participation in the school day.

World Vision US has served children and youth in need across the United States since 1981, partnering with schools and community organizations to help vulnerable children and families experience dignity, justice, peace, and hope.

Period Partner® is honored to join World Vision, Ritchie County Schools, and local volunteers in helping fight period poverty—one student, one school, and one community at a time.
